Learn is The Key to Innovate

# About Us!

Established in 2010, Radman Sanat Co. designs, develops and manufactures comprehensive range of Engineering and Technical Laboratory Equipment for Education and Research. Our products are used in universities and other educational institutions for teaching and training purposes, as well as research and industrial establishments for research purposes. Thanks to unique product quality and using the most up-to-dated technologies by our R&D engineers which leads to a continual innovation and product improvement process.

Engineering Educational Equipment

## Mission

Empowering future engineers and technologists through innovative, hands-on learning solutions. We design and produce high quality educational equipment that bridges theory and practice, fostering a deeper understanding and inspiring the next generation of problem solvers.

## Goals

Revolutionizing engineering education, our innovative devices empower universities to deliver hands-on learning in technical engineering fields. We are dedicated to enhancing the educational experiences and fostering a new generation of engineers.

Almost all University of Technology in Iran

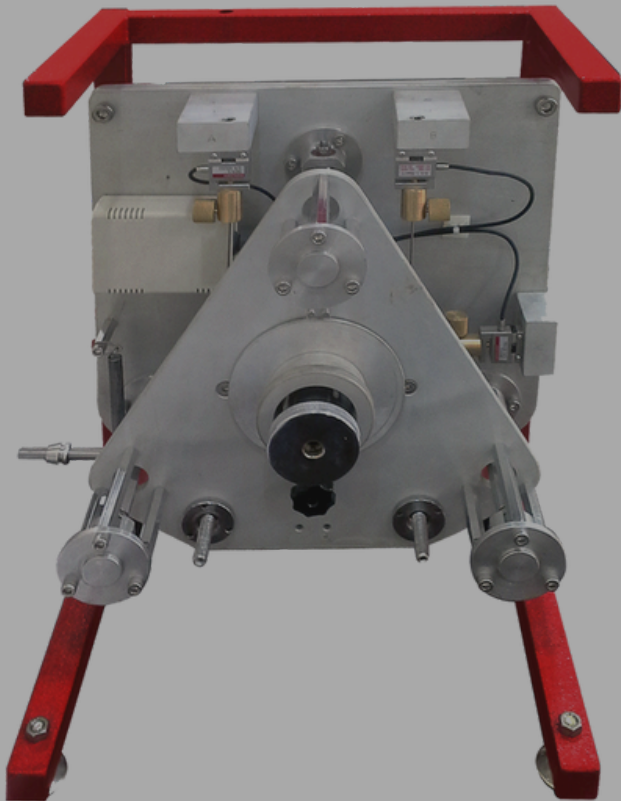

# RESEARCH EQUIPMENT

# PILOT PLANTS & EPC PROJECTS

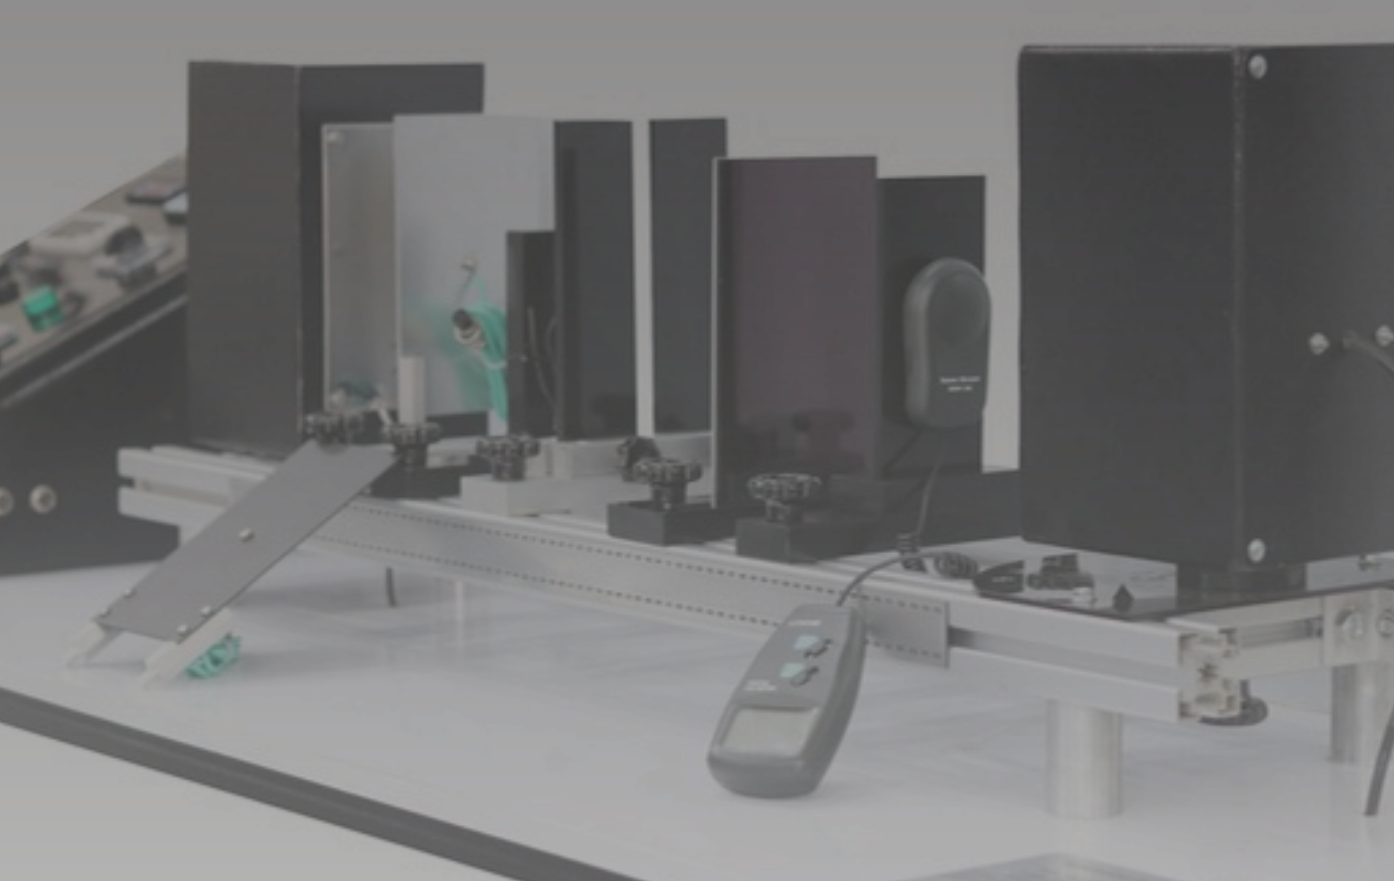

# WIND TUNNEL & INSTRUMENT

## General Specifications

- Air Velocity : Up to 2 Mach
- Test Section : Up to 1.5 \* 1.5 m<sup>2</sup>
- Open & Closed Circuit Wind Tunnel
- Horizontal and Vertical Wind Tunnel
- Three and Six Component Balancing
- 3D Traversing & Pressure Box

# AWARDS & HONORS

- Obtaining the certificate of appreciation at the meeting of 100 worthy national managers (2017)
- Superior Exporter (2017)
- Superior Unit of Industry, Mining and Trade (2017)
- Superior Entrepreneur (2018)
- Superior Industrial Unit (2018)
- Superior Technologist (2019)
- Superior Engineering Technical Unit (2020)
- Superior Knowledge Base Company (2021-2022)
