General introduction of company products :

Model: FD300-PW

- Fully autmated blood collection device
- Simplified operation
- Barcode reading function
- Removeble / rechargeable battery
- Wireles and cable data transmission

Model: FD200-BR-LD

- Fully autmated blood collection device
- Simplified operation
- Barcode reading function
- Cable data transmission
- Simplified operation

Model: HTS100

- Seal with break line for snap-apart separation
- Splash guard for technician safety
- Anti-spark and heat protection system
- All size blood tubing
