

TECHNICAL DATA / LASERCUT – 300SM

- Electric motor / Italy: 380v , 50Hz, 60Hz
- Power: 3000w / 4Hp
- Cut off wheel: Diamond , carbide, composite blade
- Blade Dia. (mm): 350mm max
- Cutting table/Rail: liner table with 0.1mm accuracy
- Feeding system: hand / automatic with 24V dc motor
- Control board: electronic / microprocessor board
- Cooling system: water jet sprayer
- Circular lubricating system: 60 liter capacity
- LED light for cutter blade: 12V – 50W
- Cut off wheel height adjusting: ball screw
- Start / Stop: hand switch / foot pedal
- Approx. Dimension (Cm): 120 L × 100 w × 130 H
- Approx. weight: 152Kg
