

Environmental Conditions	Operating Temperature ⁱ	0~50°C, rated Output Power.
	Storage Temperature	-25~70°C.
	Humidity	Up to 95% RH (no condensation) at 0~50°C.
	Altitude	Maximum 3000m. Derate Output Current by 3%/100m at altitudes above 2000m.
	Cooling	Forced air cooling by variable speed internal fans, air flow: from front to rear, units can be stacked without any space.

ⁱ Models with extended operating temperature range are available upon request.
