Materials Testing Equipment

SCT-30

Creep Test Machine For Plastics Specimens

SANTAM

Materials Testing Equipment

STM-20
Without TCT-2005

Universal Testing Machine
Heating Chamber (+50&+200)°C

STM Series 20 kN Capacity

SANTAM

Materials Testing Equipment

STM-20
Without TCT-2005

Universal Testing Machine
Heating Chamber (+50&+200)°C

STM Series 20 kN Capacity

SANTAM

Materials Testing Equipment

STM-20M1
With TCS-80

Universal Testing Machine Heating & Cooling Chamber Servo Electro-Mechanical Model

STM Series 20 kN Capacity wide

SANTAM

Materials Testing Equipment

STM-20M1
Without TCS-80

Universal Testing Machine
Heating & Cooling Chamber (-20 & +80)°C
Servo Electro-Mechanical Model

STM Series 20 kN Capacity

SANTAM

Materials Testing Equipment

STM-20M1
Without TCS-1500B

HMOR Testing Machine
High Temperature up to 1500°C

STM Series 20 kN Capacity

SANTAM

Materials Testing Equipment

STM-20M1
With High Temperature
Chamber - 1500°C

HMOR Testing Machine Servo Electro-Mechanical Model

STM Series 20 kN Capacity

SANTAM

Materials Testing Equipment

STM-50
With High Temperature
Chamber

Universal Testing Machine
Servo Electro-Mechanical Model

STM Series 50 kN Capacity

SANTAM

Materials Testing Equipment

STM-150
With High Temperature
Chamber

Universal Testing Machine
Servo Electro-Mechanical Model

STM Series 150 kN Capacity

SANTAM

Materials Testing Equipment

STM-250

With Fixture & Extensometer
& High Temperature Chamber

Universal Testing Machine
Servo Electro-Mechanical Model

STM Series 250 kN Capacity

SANTAM

Materials Testing Equipment

STM-400
With High Temperature
Chamber

Universal Testing Machine
Servo Electro-Mechanical Model

STM Series 400 kN Capacity

SANTAM

Materials Testing Equipment

STM-1000

With High Temperature Chamber

Universal Testing Machine
Hydraulic Operation

STM Series 1000 kN Capacity
