

Tajhiz Gostar Puya Co.
An ATRA Group Company

Laboratory Calibration Furnace T1610

Features:

- Range from 150 to 1200 ° C
- Isothermal Block 380×37mm
- Interchangeable Block

Model	T1610
Temperature Range	150 to 1200 ° C
Temperature Stability	Over 30 minutes: $\pm 0.3^{\circ}\text{C}$
Temperature Uniformity(Radial)	$<0.5^{\circ}\text{C}$
Temperature Uniformity(Axial)	$<1.5^{\circ}\text{C}$
Immersion Depth	360mm
Cooling Time	60 Minutes
Isothermal Block Dimensions	37mm Diameter×380mm Depth
Controller	PID
Power	230/115 VAC($\pm 10\%$), 50/60 Hz
Weight	30kg
Exterior body color	Electrostatic powder coating (scratch-resistant and washable)

Additional Equipment:

- Alternate Block
- Internal Cooling system
- On and off timer for the programming device
