

## TECHNICAL DATA / CORDRIL – 100 D

|                              |                      |
|------------------------------|----------------------|
| ▪ Electric motor             | 380 V , 50Hz – 60Hz  |
| ▪ POWER                      | 1100w                |
| ▪ Main speed                 | 3000 RPM             |
| ▪ Max. core available length | 25 Cm                |
| ▪ Max. core available Dia.   | 12 Cm                |
| ▪ Sample fixture gape        | 20 Cm interval       |
| ▪ Lubricating system         | Open / circulating   |
| ▪ Lubricant Electric Pump    | 220 V, 50 Hz , 90 W  |
| ▪ Hand operating             | MODEL: CORDRIL- 100  |
| ▪ Hand operating / automatic | MODEL: CORDRIL- 100D |
| ▪ Approx. dimension          | 80 Kg                |
| ▪ Approx. dimension ( Cm )   | 50 w × 60L × 80 H    |
